Practicum sites must be approved by the program director prior to entry into the program. Assignments specific to the practicum experience include observations, material making, family partnerships, and a child study. AMS ASSOCIATE INFANT & TODDLER CREDENTIAL

AMS grants the AMS Associate Infant & Toddler Credential when the course graduate has a high school diploma or GED, but not a Bachelor's degree. Country, state and local employment requirements vary widely and change periodically. In addition, employment requirements vary in different types of schools (e.g. private, public/charter, faith based, publicly funded). In some locations or schools, an Associate Credential may not qualify for full teaching responsibility.

Even if it is currently possible to qualify for a full teaching responsibility without a Bachelor's degree, employment regulations may change in the future. The applicant is responsible for checking specific jurisdictions and schools for particular employment requirements.

Applicants for this AMS Infant & Toddler course who do not have a U.S. Bachelors degree from a regionally accredited U.S college/university or its equivalent are required to sign a statement verifying that they have received the above information before they are considered for acceptance into this course.

AMS strongly encourages holders of the Associate Credential to obtain a Bachelor's degree within 7 years of credentialing. AMS hopes you consider your credential as the beginning of your journey of lifelong learning.

AMS FULL INFANT & TODDLER CREDENTIAL

The candidate for an AMS Infant & Toddler credential holds a minimum of a Bachelor's degree from a regionally accredited U.S. college/university or its equivalent.

RECOGNITION OF TRANSCRIPT

(for applicants with non-U.S. transcripts)

Applicants that do not have a high school diploma or credential from a regionally accredited U.S. College/University must submit a transcript to a recognized U.S. credentialing agency (e.g. a credentialing agency that is a member of NACES – the National Association of Credential Evaluation Services) for credit equivalency evaluation. If the evaluation determines the non-U.S. transcript to be equivalent to a Bachelor's Degree or higher in the U.S., the adult learner will then be eligible for an AMS credential upon successful completion. If the evaluation determines that the non-U.S. transcript is not the equivalent of a Bachelors' degree or higher, then an Associate credential will be awarded. If English is not the applicant's first language, a Test of English as a Foreign Language (TOEFL) may also be required.

ADMISSION/ENROLLMENT POLICIES

Applicants must have at least a high school diploma or GED, submit three letters of recommendation (preferable a combination of academic, professional, and personal), official college transcripts or a high school diploma, be

interviewed by a GCCME Faculty member, and complete the Online Learner Readiness questionnaire and write the Montessori personal statement. Credit may be given for previous course work in another MACTE accredited course.

Applicants that do not have a minimum of an Associate's Degree are required to complete a "Writing in College" workshop with GCCME before beginning the Certification Program. There is an additional \$150 fee for this course to be paid before beginning the program.

Once all application materials (and the \$100 nonrefundable application fee) have been received, an interview (phone or in person) will be scheduled. Late registrations will be accepted based on availability.
